

Investigate and Impeach Comrade Donald Trump and his Kitchen Cabinet

GOP Representative Steve Pearce: How can you say that there is nothing to investigate (conclusion), before General Michael Flynn, Attorney General Jeff Sessions, Jared Kushner, Donald Trump Jr and Paul Manafort have even testified.

You have issued the final verdict of “not guilty,” before the Prosecution has questioned any of the key witnesses.

Likewise, President Richard Nixon was “not guilty,” before John Dean, Deep Throat and the 18 minute gap in the tape recordings, were investigated.
