

Vote Against:

# Steve “Trump Repeal Obamacare Supporter” Pearce

GOP Republicans have voted at least 55 times to Repeal Obamacare (aka The Affordable Care Act). They have voted zero times to “replace” it.

Their numerous plans to replace it, include a return to the Free Market, which means Preexisting Conditions, lifetime caps and doctor's and drug manufacturers rights to charge as much as they wish.

Other plans include market solutions, redrawing state lines, and insurance pools courtesy of Marlogo FL swimming pools, and sharks from the Swamp.
